11 Nations Invited to Preliminary "Peace Conference" On Japan

By Donald J. Gonzales
 WASHINGTON, July 16—(UPI)—The state department formally announced today that it has invited the 11 nations of the Far Eastern commission to hold a preliminary Japanese "peace conference" Aug. 19.

The announcement did not say where the conference would be held, but the British United Press learned in other quarters that San Francisco or Washington were proposed as the sites.

The department said Assistant Secretary of State John H. Hildring and Director John Carter Vincent of the office of Far Eastern affairs met last Friday with the embassy representatives of the 11 nations to make "a proposal for a conference of Japanese and experts on the Japanese treaty as soon as practicable."

The U.S. proposal would bypass the Big Four council of foreign ministers, which was set up at Potsdam two years ago and has been drafting the European peace treaties.

"THE CONFERENCE would be composed of representatives of the 11 nations members of the Far Eastern Commission," the announcement said, "but the conference would be outside the Far Eastern Commission."

"Such an 11-power conference is advocated because it would provide a board representative basis for the Japanese peace treaty."

To Mail Barley Payments Friday

OTTAWA, July 16—(CP)—The Minister Macdonald told the Commons today that checks for payment of a 10-cent adjustment on barley for western producers will be mailed Friday, and that the checks will be paid by the 15th of the month.

Red Deer Carpenters To Take Strike Vote

RED DEER, July 16: Meeting at the Pheasant hotel on Tuesday night, Red Deer local No. 27 of the Amalgamated Building and Construction of Canada (C.B.C.) turned down all proposals which would lead to grading of carpenters and decided unanimously to take a strike vote on the original proposals made to the contractors—\$1.25 per hour for all carpenters, a 4-hour week, and overtime rates for overtime hours. It was decided to approach the Red Deer local of the United Brotherhood of Carpenters with a view to joint action and their full support for the \$1.25 per hour wage rate.

Carrot Creek Wins

CARROT CREEK, July 16: Displaying a smart brand of baseball on their home diamond, the Ross-year players trimmed Carrot Creek 13-8 in a recent fixture.

Carrot Creek capped the honors in a football fixture, edging Ross on Friday at 7:30 p.m.

DISTRICT NEWS IN BRIEF

Battery Leads Series With North Red Deer

RED DEER, July 16: The 78th Battery Gunners grabbed the first game of the final series for the Red Deer men's football league championship here on Tuesday night when they defeated North Red Deer 13-8 in a game featured by heavy clouding and numerous errors on both sides.

The winners were well ahead until the last of the ninth when North Red Deer staged a comeback and drove four runs into the plate by the aid of good hitting and errors by the Gunners. Roy Jardine, battery first baseman, slammed out a home run and a triple.

Second game of the series will be played on the North Red Deer diamond at 7:30 p.m. Thursday night.

If a third game is necessary it will be played at the AAA ball park on Friday at 7:30 p.m.

North Red Deer finished at top of the regular schedule and in the playoffs eliminated the Vocational Training Centre team in two straight games.

The battery defeated the Training Centre to break a tie for second place at the end of the regular schedule and then defeated the Canadian Legion two out of three in the other semi-final series.

A shower in honor of Mrs. E. H. Wiles was held here recently, with several friends attending.

Pass New By-Laws

BILLIS, July 16: A by-law was passed at a recent meeting here to have all stores close at 7 o'clock each week, night except Thursday and Saturday and remain closed on Sunday. Stores will close Thursday afternoons, but may remain open late on Saturdays.

Cafes and confectioneries may remain open evenings and on Sundays.

Recent rains in this district have helped crops considerably, but the ground moisture is fast disappearing and further rain is needed.

Hold Sports Day

CARROT CREEK, July 16: Football and baseball games were the feature attractions recently when Carrot Creek held its annual sports day on the picnic grounds.

An exciting girls' football tilt between Peers and Carrot Creek resulted in a 8-8 victory for the home nine. However, Peers evened the count by defeating the Carrot 11-0 in the basketball game.

Novelty races were enjoyed.

106th Birthday

ROCHESTER, N.Y., July 16. — (AP)—James Harb, oldest surviving member of the Grand Army of the Republic, observed his 106th birthday yesterday with a declaration that "I'm feeling younger than I did last year." "I presume I'd live to be an old man if I didn't smoke so much," he added with a grin.

The editor of *Technocracy Digest* has written as follows:

July 6, 1941.

In brief reply to your August, may we point out that not only will the Technate provide a physical democracy of distribution for all, but it will make possible a greater measure of social democracy. No longer will the economic power be concentrated through economic power in the hands of a few political bosses. The replacement of the present

dictatorship is that is why, wherever Fascism rises to power it is democracy and not Communism that is the MAD.

The Fascists came into power in Italy, Germany, Portugal and Spain, and they have destroyed the social system. But it was because the free working of the democratic process had made possible the threatened change that Hitler had to go.

One of the most catastrophic blunders in our history was when the Communists, in 1932, ganged up with the Nazis to vote out of power the American

Mr. Bruce indicates, in another letter, that the whole question of democratic control and personal freedoms will be fully dealt with

ATTACH more importance to the question of democratic control than do many reformers, who think

inly in terms of economics. Communists, for instance have in the past done great harm to themselves and to Western nations in general, by belittling the importance of the democratic process. The people of any country that believe in political democracy have the right to put their hands to make any kind of social change they themselves desire.

Upon the homemaker rests the responsibility of using to the possible advantage, the money is entrusted to her, to provide for the needs of the family and the other necessities in which the dependent may be involved. It is her duty to give in the best of time when necessary for the homemaker to stretch her dollar to the limit.

Under present conditions, there is no elasticity left in the dollar. As a result, the homemaker is left with a sense of failure—

present rise in prices and to the vital issue to the attending government leaders?

During the war period, no one was returned to provide our living forces with the tools of production.

Clearly, the government leaders are aware of the fact that the present increase in living costs is the result of the economic emergency, the results of which

...and people, there is more at stake than seems on the surface.

Of course the public should have margarine if they want it or any other thing they want, though if people can afford butter it is not likely that they will buy margarine as one of you respondents said. It is true that many can afford much butter at the present price and so the dairy interests

be far-reaching as far as the physical health of the nation is concerned. In time of war it is unable to initiate measures to meet the current needs of those at home and fighting fronts. Also, it is also possible in peacetime that the government will force them to eat dry bread whether they like it or not. Well in a real democracy these sort of things could not happen.

It seems that our government are more afraid of these pressure groups than they are of their constituents.

Technocracy Replies

BY ELMORE PHILPOTT

The editor of Technology Digest has written the following:

July 8, 1947.

In brief reply to Mr. Philpott, may we point out that not only do Communists provide a physical demonstration of distribution for the first time but it will make possible a greater measure of social justice than has ever been the rule the few rule the many through economic power and political manipulation.

The Fascists came into power in Italy, Germany, Portugal and Spain to forestall real change in the social system. But it was because the free working of the democratic process would have meant the threatened change that democracy had to go.

One of the most catastrophic blunders in all history was when the Communists, in 1932, ganged up with the Nazis to vote out of power the democratically elected

School Art Exhibits Set New Fair Record

An outstanding array of art work by Grades 1 to 12 pupils of Edmonton and district schools is now on display in the School Building, but No. 12, fair grounds. The hut is immediately north of the Manufacturers' Building.

THE EXHIBIT, which includes 4,500 paintings, rugs, woodcraft, penmanship, samples of enterprise work, portraits, birds, flower and animal studies, and many other items, set a record for the exhibition.

This display includes a number of examples of creative work. "Through this type of work we get ideas along what line the pupil is thinking," said officials in charge. "These thoughts can be corrected, if need be."

Judges in charge of classifying the school exhibits were: T. E. Hughes, retired supervisor of city schools; provincial inspector J. J. LeBlanc; Max Dewar, city architect; Miss Ruth Murray, provincial department of agriculture; Miss B. Williams; C. F. Ferguson, and G. T. Ross, school instructor.

Norma Gates, a student of Strathcona high school, captured the James Ranney Pupils' Challenge Shield, with a total of 38 points, for work exhibited. Only one tabulation was completed Tuesday by Mr. Hughes, judge in charge of school shield competition. The three remaining shields

winners will be announced Wednesday.

SPECIAL attention was given by judges to intermediate grade exhibits. These included portraits, flower, animal and bird studies, woodwork and electrical items.

A display of rugs, valued at approximately \$400, has been entered by classes of underprivileged pupils.

The exhibit is open daily to the public.

Motorists Fined Traffic Offences

Traffic officers summoned to court on traffic offences were the main items on the docket brought before Magistrate H. L. Howe, in city police court Tuesday.

Thomas Siodart, 10233 150 street, charged with dangerous driving drove a fine of \$30 and costs or two months imprisonment. His driver's license was also suspended for three months. The accused was observed July 6 travelling down Jasper avenue at a speed of 43 miles per hour and without slowing down, he cut through a service station lot. Later in the same day he was observed travelling down 101 street at a speed of about 60 miles per hour.

Five motorists fined \$15 and costs each for speeding were: George Gray, 12125 134 street; Siphram Doucet, 11864 95 street; Falls Mirelberg, Lloydminster; Victor Wille, 10041 98 street, and Reginald Waterhouse, 2377 121 street.

David B. Easton, 10233 102 street, drove a fine of \$5 and costs when he appeared on a charge of assaulting Israel Rudolph, 10247 97 street, by slapping him in the face.

Here's an Inspiring Display of Alberta Grown Tiger Lillies

Taming wild, man-eating tigers such as the ferocious killer which may be seen at the Royal American Show, currently performing at Edmonton's Exhibition—was fraught with too many vital hazards for 15-year-old Patsy Machnee, of 19113 72 avenue, as she decided to help her dad, in the fifth year of his efforts to "tame" a large garden of wild tiger lilies, two large bouquets of which are held in the above picture by the attractive young Queen Alexandra School student. For several years Mr. Machnee

has been pursuing his hobby of flower gardening and has achieved some success in his attempts to "domesticate" the well-known and colorful wild tiger lily, which adds its riotous beauty to rich annual abundance to Alberta's valleys and dunes, especially in the silver-crested foothills districts approaching the Rocky Mountains. Stems of the two bouquets pictured above, through constant cultivation, this year produced 75 blooms each, considered a record for this member of nature's floral family.

Senator Urges New Tax Talks

OTTAWA, July 14.—(CP)—Senator John T. Haig, Progressive Conservative leader in the upper house yesterday asked the government to summon a new Dominion-provincial conference.

debate on government resolutions implementing taxation agreements with seven provinces, the Manitoba senator said it was "human nature" that a province which does not have to tax for its revenue will spend more freely.

He forecast that the \$238,000,000 in proposed rental payments to the provinces would be the "smallest sum we'll ever pay." The figure would double with a small increase in the population.

"I don't believe any system can stand up when the taxes are collected in one part of the country and turned over to the other part of the country," he continued, vouching his creek.

No, she's not joking.

You see, she's a very smart woman. Life may other people, she's found that the things she wants most are either not available yet, or that the monthly payments required are too much for her budget. So she's saving a little at a time from her allowance, in a Savings Account at the Bank of Montreal.

Sometimes, she can spare only a couple of dollars—other times, as much as five. But she's saving regularly—and her growing nest-egg is her assurance that she will be able to buy the things she's set her heart on.

There are many wise Canadians like her. Well over a million are saving at the B of M—saving today to make sure that their wishes will be realized tomorrow.

What are you hoping your tomorrow will bring? A car? A living room suite? A summer cottage? Whatever it is, you can get it by saving at the B of M. Why not start today?

OVER 56,000 OWNERS

of Kaiser and Frazer Cars—

MORE THAN 12,000 CARS BUILT IN JUNE!

Yes, Willow Run has reached a production rate of more than 12,000 Kaiser and Frazer cars per month—better than a car per minute! One hundred and twenty million dollars worth have been sold at retail. And the public buys the factory output every month—and asks for more. Production is being increased!

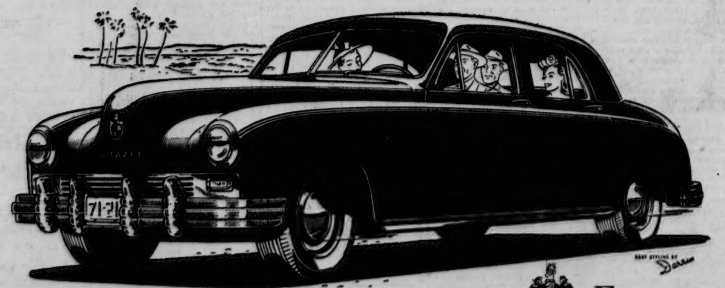

The reason for the phenomenal success of these 100%-postwar automobiles is easy to discover. The 56,000 proud owners who have driven them millions of miles are the best salesmen we have! They are enthusiastic—and tell their friends. They know they have something new and different. They know they have styling and design far in advance of the rest of the industry. And they know they enjoy a ride no other car can equal!

Drive either of these cars. Compare the ride with the best you have ever known. You will want to own a Kaiser or a Frazer. Then place your order! Increased production means that we can now give you early delivery.

KAISER

Both cars are serviced with genuine factory parts—wherever you go—by one of the four largest automobile dealer organizations in the world.

FRAZER

FIVE IMPORTANT REASONS WHY THE PUBLIC LIKES THE KAISER AND THE FRAZER

1. Because they are beautiful! They look like what they are—the newest things on wheels! They set the fashion for all future motor cars—in body lines and colors.
2. Because they are roomy! The whole width of these cars is inside! Both seats are more than five feet wide. Six adults have room to spare. And then, too, there is 27 cu. ft. of space in the luggage compartment!
3. Because they are safe! Extra low center of gravity and stabilizer bars both front and rear, cut sway to a minimum. They hug the road! Superb vision in all directions. Smooth, positive braking action.
4. Because they perform! The economical, 48-hp., six-cylinder engine provides a very high horsepower-to-weight ratio. Sensational acceleration. Unbelievable gasoline economy!
5. Because of the ride! Owners say there never was a ride like this! No car designed before the war can even compete. This you must experience! Compare the ride, today!

Extensive Health Exhibit Attracts Attention at Fair

By NELLIE MCGILL J.

"The Fair is Coming," "One Person Can Infect Many," and "Your Secret Enemy" are among the many posters used to attract the public to the extensive health exhibit in the pavilion at the fair. The exhibit is the most complete display of the various diseases of the human body ever shown in this city.

Clifford C. King, supervisor of health education and Mrs. Sheila Russell, assistant director of public health nursing and of health education, have co-ordinated the exhibit of the 14 fields of the department into an arresting display.

Elizabeth, Philip at Dance

EDMONTON, July 16.—(CP)—Princess Elizabeth and her fiancé, Philip Mountbatten, danced until the early hours of today at a spectacular ball to aid the National Association of Girls' Clubs in the spacious Edinburg Assembly Rooms. It was the first time they have been seen dancing together in public.

Crowds of pretty Scottish girls and handsome lads in evening dress watched attentively while Elizabeth, in a gown of soft rose pink and Philip, wearing the "mouche jacket" evening uniform of the Royal Navy, danced gracefully over the polished floor, chatting and laughing happily.

During a lull in the dance, the couple went to a window of the ballroom, opened it and waved to the cheering crowds below. Later they joined in an old-fashioned dance called the "Hory O'More." Philip, apparently unfamiliar with the steps, quickly picked them up under the princess' laughing tuition.

U.K. Communists Fight Aid Plan

LONDON, July 16.—(Reuters)—British Communists last night began an all-out propaganda campaign against the Labor government's "Marshall Plan."

Following publication of articles on these lines by the party's secretary, Harry Pollitt, its economic expert, J. M. Campbell, in the party organ, the "Morning Star," the party issued an official statement linking the "Marshall Plan" with Britain's class crisis and specifically asking for the replacement of the Marshall Plan by a plan for the "people's reconstruction."

The statement said that the plan was "an attempt to keep the British dollar alive by the use of what it called the government's 'Marshall Plan' money." It said that the plan was "an attempt to keep the British dollar alive by the use of what it called the government's 'Marshall Plan' money."

Many of the country visitors took special delight in the model home shown for the first time. Patients of the Oliver Memorial Hospital made the red-roofed home the gayest scene in the city. Many of the country visitors took special delight in the model home shown for the first time.

Another highlight were the pictures of the public health nurse, candid shots explaining better than words the life of the district, rural and city nurses. District nurses are making sewing baskets from the discarded X-ray films, which are changed with a solution, strengthened with paper between the two transparent films decorated with

SCARBORO GOLF CLUB, Toronto, July 16.—(CP)—Relaxation "is the keynote of success" in golf, said the South African golfer who has captured five of nine tournaments in the United States, said in an interview Tuesday on his arrival at the Scarborough course for the Canadian open.

On his first visit to Canada, the 29-year-old Scotsman who has blizzards the American pro ranks went out on the course a few minutes later for a tune-up round.

Bobby, who in a few months has reached the big money class, said he found that relaxation "keeps the body loose and the mind clear." He said that relaxation "keeps the body loose and the mind clear."

Points for Parents

Mother: "I wish Ellen would go out and play and kick hanging around me all the time. You'd never expect John and me to have a drab, shy little girl like Ellen, would you?"

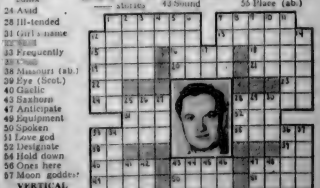

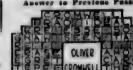

Mr. A: "Jean plays with the other children so well."

Mrs. B: "Thank you. Bill and I love her and are proud of her so much that we're glad when others do, too."

Mr. C: "I feel a sense of security, which results from being a loved member of the family group is the most potent factor in making a child friendly and easy in his relations with other people."
